Standard yacht has a Sabre white hull and deck with cherry interior. See individual model specification and equipment list for complete details. F.O.B. South Casco, Maine. Special option requests must be received six weeks prior to molding of the hull to assure availability.

Sabre does not guaranty the durability of dark gelcoats. Hulls built with dark colors will fade more quickly than light colors, will show mold imperfections and scratches and can cause the laminate to post cure, causing a cosmetic distortion of the surface. These deformations are not structural in nature and therefore are not covered by the Sabre Limited Warranty.
